Mission Statement

The Utah Storm Water Advisory Committee will coordinate efforts to reduce stormwater pollution and provide adequate flood control. The committee will jointly review governing regulations, disseminate information to enhance compliance with those regulations, promote effective stormwater management training, and assist local municipalities and other interested parties to implement best management practices, consistent with their individual needs and resources. The committee will also review any proposed stormwater regulations to assess potential impacts on the regulated community.

1. Welcome USWAC members and all attendees.

REGULATION & UPDATES

6. State of Utah Updates

Jeanne Riley –

- i. OSG grant applications remain open until 1-17-2025. Thus far no applications have been submitted.
- ii. All of the permittees will be notified when MS4 permits have officially been issued.
As well as our update. The DWQ website will be updated.
 1. Kelsee – There have been minor updates to the NOT form for oversight terminations.

Kelsee York –

- i. DWQ has been receiving a lot of questions on Utah Code 19 5, 108.3. And that's great. We're happy to field them. But I would just urge you guys to reach out to your stormwater coalitions your other MS4's. Because we are not implementing these requirements. These are requirements for MS4's and even if you guys don't know how to handle these situations. Another MS4 might have already considered this and might have some useful tips and tools.

7. USWAC Subcommittees Updates

- **Long-Term Storm Water Management:** Tom Beesley (Nothing reported)
- **MS4 Unification Committee:** Matthew Hendrix (Nothing reported)
