Mission Statement

The Utah Storm Water Advisory Committee will coordinate efforts to reduce stormwater pollution and provide adequate flood control. The committee will jointly review governing regulations, disseminate information to enhance compliance with those regulations, promote effective stormwater management training, and assist local municipalities and other interested parties to implement best management practices, consistent with their individual needs and resources. The committee will also review any proposed stormwater regulations to assess potential impacts on the regulated community.

1. **Welcome** USWAC members and all attendees.

Charles Davenport conducting, 2025 Chairman
